Mr Peter Symons
President
Fleurieu Branch
Ulysses Club Inc.

Dear Peter,

Thankyou for your correspondence expressing your concern regarding a proposed subcommittee of the Fleurieu Branch of an RV Group, with associated unease expressed by members of the Branch. The National Committee considered the scenarios you outlined at our recent National Committee meeting and would offer the following guidance.

Whilst we recognise that many of the Ulysses Club Inc. members belong to the RV Group, we do not agree with a subcommittee specifically created for an RV Group within a Branch. The Constitution allows for a Committee elected by the Branch to run the business of that Branch, and therefore the Committee of the Branch is empowered to approve the inclusion of RV Group activities on its social calendar and website, or not. You will note that the RV Group has its own website and does not have a page on the Ulysses Club Inc. national website.

Guidance can always be sought when considering activities for a Branch by referring to the original three aims of the Club:-

1. To provide ways in which older motorcyclists can get together for companionship and mutual support;
2. To show by example that motorcycling can be an enjoyable and practical activity for riders of all ages;

3. To draw the attention of public and private institutions to the needs and views of older riders.

Please note that the National Committee does not recognise the RV Group as a SIG or a Branch however we understand the value to members of the social activities offered by the RV Group, especially for members no longer actively riding.

Please do not hesitate to contact me with any further questions about this matter – or any other.

Yours sincerely,
